The Auxiliary Historian is responsible for the factual account of the Auxiliaries activities. Historians on all levels have a great challenge. It is your job to keep an accurate record of the memories, any Auxiliaries historical items and submitting a report at the end of the year. This report at the Auxiliary and District level could be a photo album or scrapbook.

As Department Historian I am requesting all Auxiliary and District Historians to assist me in a very important job. It is critical that you submit photographs and news articles about the National President’s visit to Arkansas within 5 days after her visit. Please identify all people in any photos with full name, title and auxiliary number on a separate piece of paper as writing on a photo might damage it. If submitting news clippings please be sure to include the date line on the page the article was printed on. Do not paste articles on a piece of paper. The deadline is critical so forward immediately after the visit to Department Secretary, Karlene Beams at her email address of karbeam@aol.com. All items submitted for the National Presidents visit must be on a CD or sent to the email address as a jpg (photo).

Again this year we will have a judging of Historian Books. One book will be judged outstanding and a citation to the runner up. Books will be returned at State Convention in June, 2015

Please send items for the Department President’s scrapbook throughout the year. Send me any photos, programs, flyers or articles about the Department Presidents or other Officers visiting and/or activities the President was aware of or involved in. I will use this to compile a history of 2014-2015 year of “It’s Time to Honor Our Veterans”.
